PRELIMINARY AMENDMENT  
AND  
RESPONSE TO NOTICE TO COMPLY WITH SEQUENCE REQUIREMENTS

Sir:

In response to the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, a copy of the Sequence Listing in computer readable form is attached hereto. The content of the paper copy of the Sequence Listing and the copy of the Sequence Listing in computer readable form is the same, and includes no new matter.

This response is same as the response made on March 19, 2001. It appears that the CRF was damaged and therefore only a replacement CRF is needed. However, applicants herein submit both a paper copy and the CRF.
